Art Unit: 3662

1. This Office Action is in response to the Amendment filed on 12 July 2006. It is noted that that Amendment amended sole pending independent claim 20.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 20-28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Newly-amended independent claim 20 is indefinite and unclear in that it is unclear if the newly-recited "control means" (bridging lines 3-4 of claim 20) is part of the overall claimed, "control apparatus" (line 1 of claim 20). The "control means" is recited in the preamble of claim 20 before the transitional word "comprising," but the "control means" is referred to in the body of the claim as "said control means" (line 10 of claim 20). Certainly, one would expect a "control apparatus" to have some structure that controls. It is suggested that claim 20 be rewritten to recite the "control means" in the body of the claim. Or, due to the use of the word "including" on lines 2 of claim 20, the word "comprising" on line 7 of claim 20 could be amended to read, "further comprising," indicated that the structure recited in the preamble is claimed as part of the overall claim 20 "control means."

Dependent claims 21-28 are unclear in that they depend from unclear independent claim 20.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
